Call to Order-7:10 p.m.

Waited for Bob Davis

Structural problem with Chapel ceiling. Wilbur, Floyd and Brett Witte worked on floor jacks.
Ceiling is level again.

Tree removal for enlarging parking lot.

Mid-Michigan removed trees and brush and chipped up branches to be able to put dirt from digging the water lines in there. We also have two Willow trees that need removing from old cemetery. Mid-Michigan will do so as soon as road dries up.

It was decided to wait for crushed stone for parking lot and roads until after water lines are in.
The mess would bury our stone.

There are three headstones that are in the walkway and need to be moved. They will be given a warning and a time to have them done or our sexton will do it at their cost. These were put in by themselves and done wrong.

The metal markers have been ordered and will take 4 to 6 weeks to be done. They are coming from Pennsylvania.

No future meetings are scheduled for now. If one is needed we will schedule a date.

Wilbur will look into led lights to see if that is something we can use.

Kathy is going to power wash the next section of headstones and clean them up. She will also do the outside of the Chapel to get moss off of it.

JoAnn, Brett and Kathy are planning n attending the seminar at Frankenmuth for the state Cemeteries conference.

Brett has found some cement barriers for in front of the septic tank by the chapel. They are \$26.00 a piece and we need six of them.

Adjourn, @8:30 p.m. JoAnn Wilkie
